Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Claims 17, 18, 28, 36, 37, 44 - 47 were objected to as being dependent upon a rejected base claim in a previous office action. Latest amendment included the limitations of these claims in independent form as claims 49 - 57, but questions arose as to their allowability regarding the "secure" limitation of claim 49, the "contingency file" of claim 56, and the transferring of call records to a plurality of pools under certain circumstances due to prior art not yet considered by examiner. Examiner agrees to further review the aforementioned prior art in order to better assess the allowability of claims 49 -57.
